BY TELEGRAPH.

THE BAZAAR.—Saturday evening Odd Fellows Hall was thronged with old and young. The fair is got up with great taste and conducted in the very best style. The different tables are all well arranged and the food and refreshments are good, and they are provided by some of the first beauties of the city. Really we have seen no assembly where every one seemed to be better pleased than at the fair on Saturday. A dining-room attached to the hall is appropriated for a restaurant. It is a cool room and every delicacy is to be had. The fair is for a charitable purpose, the relief of disabled men, and every one should contribute to it his mite.

Dr. VALENTINE.—It will be borne in mind that Dr. Valentine gives his first entertainment at the Concert Hall, Fifth street, this evening. The doctor is worth hearing and seeing.

THEATRE.—Two fine pieces are performed at the theatre to-night. See advertisement.

SEAT HOME.—See advertisement on this page.

THE WEATHER.—The weather since Saturday evening has been more pleasant. There was a storm on Saturday evening, but no rain fell here, though it is the invariable vicinity.

The river is about at a stand, with 17 inches water in the canal.

WE ARE INDEBTED.—We are indebted to the steamer *Fairfax* for a copy of the manifest and memorandum.

MOZART HALL.—We attended on Saturday the exhibition of fruits and flowers at the Mozart Hall, and had to see the fine display upon the society's table. Thus we believe it is the usual weekly exhibition before the annual one. The ladies were present on mass.

ALL THE COFFEE-HOUSES.—In the city were closed yesterday. While on this subject we will concert an emanation by our reporter of the cause proceeding a few days ago. It was the result of a bill introduced into the Legislature prohibiting the sale of liquors in Woodland Gardens on the Sabbath. The resolution was a general one and included all drinking houses. Dr. Strader assured us that the order should be strictly complied with so far as relates to the Garden.

WE ARE INDEBTED.—We are indebted to Adams & Co.'s *Examiner* in this vicinity that hold bonds of the Louisville and Portland Railroad Company that their interest coupons due on the 10th inst., will be paid on that day upon presentation at the office of the Company in this city.

EXERCISE CREAM AND CLOTHING PEOPLE.—The members of the First Colored Baptist Church of this city have found it necessary to remodel and repair their meeting-house on Fifth street, doing which will require not less than \$5,000. Their poverty and the pressure of the times compel them to ask assistance from the Christian community in raising so large a amount.

A COMPANY.—A company is now being formed and a considerable portion of the stock has already been subscribed to construct a plank road out Thaddeus Kenton street, to intersect the Main street, nine miles from the city. A petition is before the city council asking the right of way through the grounds of the Southern and, not apprehending that he would be recognized in New York, he returned to that city. The sheriff met him last week in the street and at once arrested him. Banister was presumed to know the sheriff when he was addressed by him.

GOV. SEYMOUR.—Gov. Seymour, of New York, has declined to be a candidate for re-election to that office.

THE MAINE ELECTION.—There are three parties in the field, Whig, old line Democrat, and "Fusion."

THE WHIG NOMINEE FOR GOVERNOR.—Hon. Isaac Reed, on an anti-Nebraska and Maine law platform.

THE OLD LINE DEMOCRATS.—Or "Wild-Cat" party, now make a hullabaloo, a hullabaloo, and even in the city, on Third street, it will have the same effect. We understand the road will be commenced as soon as the council grants the right of way through the grounds of the Southern Cemetery.

MEMPHIS AND CHARLESTON RAILROAD.—Mr. Tate, President of the Memphis and Charleston Railroad, and Mr. W. H. Miller, of the company, have appointed Auditor of Public Accounts of the State of Arkansas, in place of C. C. Dailey, resigned.

TORACO INSPECTION.—The inspection of tobacco at the different warehouses in Petersburg, up to the 1st September, was 9,632 hds.—same time last year 10,422 hds.

WE DEVOTE MUCH SPACE.—We devote much space this morning to the details of the foreign news. Though there have no further battles fought, it will be found very interesting.

WE ANNOUNCE.—We announce a few days ago the death of Hon. E. H. Foster, of Nashville, Mr. Foster was a native of the United States, born in Tennessee. Upon the announcement of his death the city council as well as the bar of Nashville, met and passed resolutions of condolence.

THE LEGISLATURE OF ARKANSAS.—The Legislature of Arkansas will stand 75 Democrats and 25 Whigs. W. R. Miller, of Independence county, has been appointed Auditor of Public Accounts of the State of Arkansas, in place of C. C. Dailey, resigned.

THE LINCOLN COUNTY FAIR.—The inspection of agricultural fair given a few days ago, we omitted that of Logan county, which is to be held near Russellville, on the 13th, 12th, and 13th. Fine premiums are offered by this society.

HEALTH OF NEW ORLEANS.—The reports of the charity hospital are good critical as it is now. The city is in a deplorable condition.

NEW YORK.—The weather on the 30th, a total of 23 degrees, of which 18 were of yellow fever, and on the 31st, up to 6 P. M., there were but 3 degrees, only one of which was from yellow fever. The return of the hospital show 29 degrees from yellow fever on the 27th, 30 on the 28th, 29 on the 29th, 18 on the 30th, and 1 up to 6 P. M. on the 31st. This would seem to indicate a decline in the disease.

THE LOYALTY OF MOBILE.—The health of Mobile continues good. The informants for the week ending on the 2d were 17—none of yellow fever.

AMERICAN REPRESENTATIVES ABROAD.—The tribunals at Paris who alleged that Mr. Belmont, the American Minister at the Hague, has committed a regular banking business in the office of the legation, the rest of which is paid by the people of the United States, and in which is employed at this moment three clerks for the transaction of the business. The same writer accuses Mr. Le Leon, the American General at Alexandria, Egypt, of extorting four dollars for every passenger he has.

THE CHOLERA AT KNOXVILLE.—The cholera has its appearance at Knoxville, Tenn., and occasioned very great alarm among the inhabitants. An extract from the Whig office, dated 22d, September, adds a postscript that there had been no new case since.

OBITUARY.—We have received a letter from J. S. Closson & Co., of Cincinnati, in which they advise of the publication of the card in N. Y. Herald which we published with comments. They say:

Prior to the date of the card, freight had been steadily advancing from 30 cents to \$1.25 per 100 pounds, hence to Memphis and St. Louis. The price of coal had also been increased, and was up to \$1.00 per 100 pounds (which was a decline of 25 cents) to either point. Since that time, however, the price of coal has had no increase, and the price of freight has been reduced to \$1.00 per 100 pounds, and the price of coal to 75 cents.

Considerable supplies of coal and timber have been sent to the West, and those that have been assembled around the church after the occurrence were of such a class and character as will be realized. In other words, the coal will be sold at 75 cents, and the price of timber at 75 cents, and the price of freight at 75 cents.

Considerable supplies of coal and timber have been sent to the West, and those that have been assembled around the church after the occurrence were of such a class and character as will be realized. In other words, the coal will be sold at 75 cents, and the price of timber at 75 cents, and the price of freight at 75 cents.
